

DEEP BASS. EFFORTLESSLY.

Bring depth, energy and emotion to everything you watch and listen to. The Seismix 3D Evara is designed to deliver powerful, room-filling bass that transforms your space.

It fits seamlessly into modern living, whether placed discreetly in a corner, integrated into cabinetry, or styled as part of your room. Wherever it sits, it delivers smooth, controlled low-end that adds weight to music and impact to movies.

From subtle musical detail to the full force of cinematic moments, the Seismix 3D Evara creates a deep connection to what you're experiencing.

For the ultimate sound experience at home, play it through Krix.
