

As a valued partner, we are providing the copy below that you can use in your own marketing efforts, like newsletters and social posts, to grow business with solutions in the Nice ecosystem.

Each month we will offer short copy and images to help enhance your communications and drive revenue. Reach out to your Nice representative or visit the [Nice Partner Portal](#) for additional assets and resources to support your business.

1) NEWSLETTER Copy: (Sun Shades)

As homes and buildings become more intelligent, shading solutions must keep pace. **Nice Sun Shades** are designed from the ground up to deliver streamlined automation, superior performance, effortless control, and limitless hassle-free fabric options that set them apart as a true leader in smart-home shading.

What Makes Nice Sun Shades Stand Apart?

Integrated Design + Technology

Nice brings together elegantly engineered fabrics, proprietary motors, and intuitive smart-home control—designed to work seamlessly as one complete system.

Revolutionary COLOR Fabric System

Innovative on-demand printing technology that eliminates the stock-outs, discontinuations, and limited selections that can plague a project.

Consistent Quality, End to End

Because we design and manufacture our own components, every shade delivers precise performance, long-term reliability, and a refined user experience.

Smart-Home Confidence

From app control to voice commands to advanced automation platforms, Nice shades integrate effortlessly with today's leading smart ecosystems.

Performance You Can Trust

Engineered for quiet operation, clean installation, and lasting durability, Nice shades are ideal for luxury homes and professional-grade projects.

2) NEWSLETTER Copy: (ELAN OS 9 Routines)

Meet Routines in ELAN OS 9—Next-Level Control for Every Home

Tech-savvy customers expect more flexibility. Installers expect rock-solid reliability. **ELAN OS 9** delivers both with the introduction of Routines.

Routines unlock some of the most advanced capabilities of ELAN OS 9 in a guided, user-friendly format that empowers **homeowners** to create **personalized automations**—without risking stability or increasing installer workload. Thoughtful guardrails ensure every routine runs smoothly.

It's as simple as setting:

- Trigger: When this happens
- Action: This should happen
- Conditions: Only if these rules apply

Installers can choose who sees Routines and who doesn't, **tailoring access per user**. And with the ability to create Routines instantly from any Viewer, anywhere, they become one of the most powerful ways to highlight what ELAN OS 9 can do to drive business.

ELAN OS 9 doesn't just elevate control—it **makes customization effortless**. Learn More [\[Add LINK\]](#)
